The Honorable Matt Blunt  
Governor of Missouri  
State Capitol, Room 216  
Jefferson City, MO 65101

Dear Governor Blunt:

On behalf of the judiciary, I am submitting with this letter the fiscal year 2007 budget for the judicial branch of state government. We believe that the budget we are submitting will meet the needs of the judiciary during fiscal year 2007, particularly in light of a number of new obligations we have undertaken in response to recent changes in state and federal law. Several highlights of this budget are:

- 1) As in past years, we continue to try to move forward in bringing technology to the courts of Missouri. Although implementation of our technology plan has been hampered by the state's budget situation, we believe it is critical to continue aggressively towards the goals first articulated in Electronic Courts 2004 (EC2004). That plan called for a unified technology structure in all courts of Missouri to enable us to take advantage of such critical items as electronic interfaces with the law enforcement community, electronic filing, and more efficient case management. I believe it is important to emphasize that court automation is a fundamental business requirement for any court operating in today's information age. To perpetuate old business practices will only serve to ensure inadequate protection of the public's interest, impact the services we provide, and erode the public's trust and confidence in their justice system.
- 2) Our number one priority continues to be improving the salaries of our state employees. Over the last three years, we have witnessed tremendous erosion not only in state salaries, but state employee morale. I know you have employees in very similar circumstances. We have been fortunate in the judiciary not to experience a wholesale exodus of employees from state service. However, I know that many of our employees – particularly our most talented – are actively looking to leave public service and we anticipate that we may well face

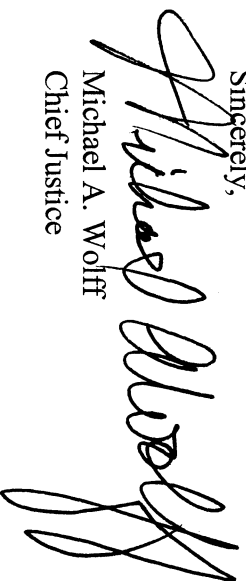

significant turnover in our courts. While I appreciate the state's fiscal obligations and the many demands on the budget, in the end the efficiency and competence of state government are its employees, who deserve to receive just compensation for the work they perform. The inability of the state to even match cost of living changes that affect all employees is hampering our recruitment and serving to encourage competent and good people to seek employment outside the public sector. This "brain drain" will only result in poorer service to the public.

3)

We consider a number of the items submitted in this budget to be mandatory under state or federal law. We are asking for increased funding for foreign language interpreters to ensure appropriate access to the courts, such as increased funding for the preparation of transcripts for indigent litigants. We are also requesting the funding necessary as the result of the passage of SB420 that created a number of new judgeships in the state. There are other funding items contained in the budget that are critical to the continued operations of the system.

We remain committed to working with you and the General Assembly cooperatively. I am available to meet with you to discuss the needs of the judiciary and the initiatives we are undertaking. In addition, please feel free to contact Michael L. Buenger, the State Courts Administrator, should you or your staff have a specific budget question.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Wolff", with a stylized flourish at the end.

Michael A. Wolff  
Chief Justice

INTRODUCTION  
JUDICIAL DEPARTMENT BUDGET  
FOR  
FISCAL YEAR 2007

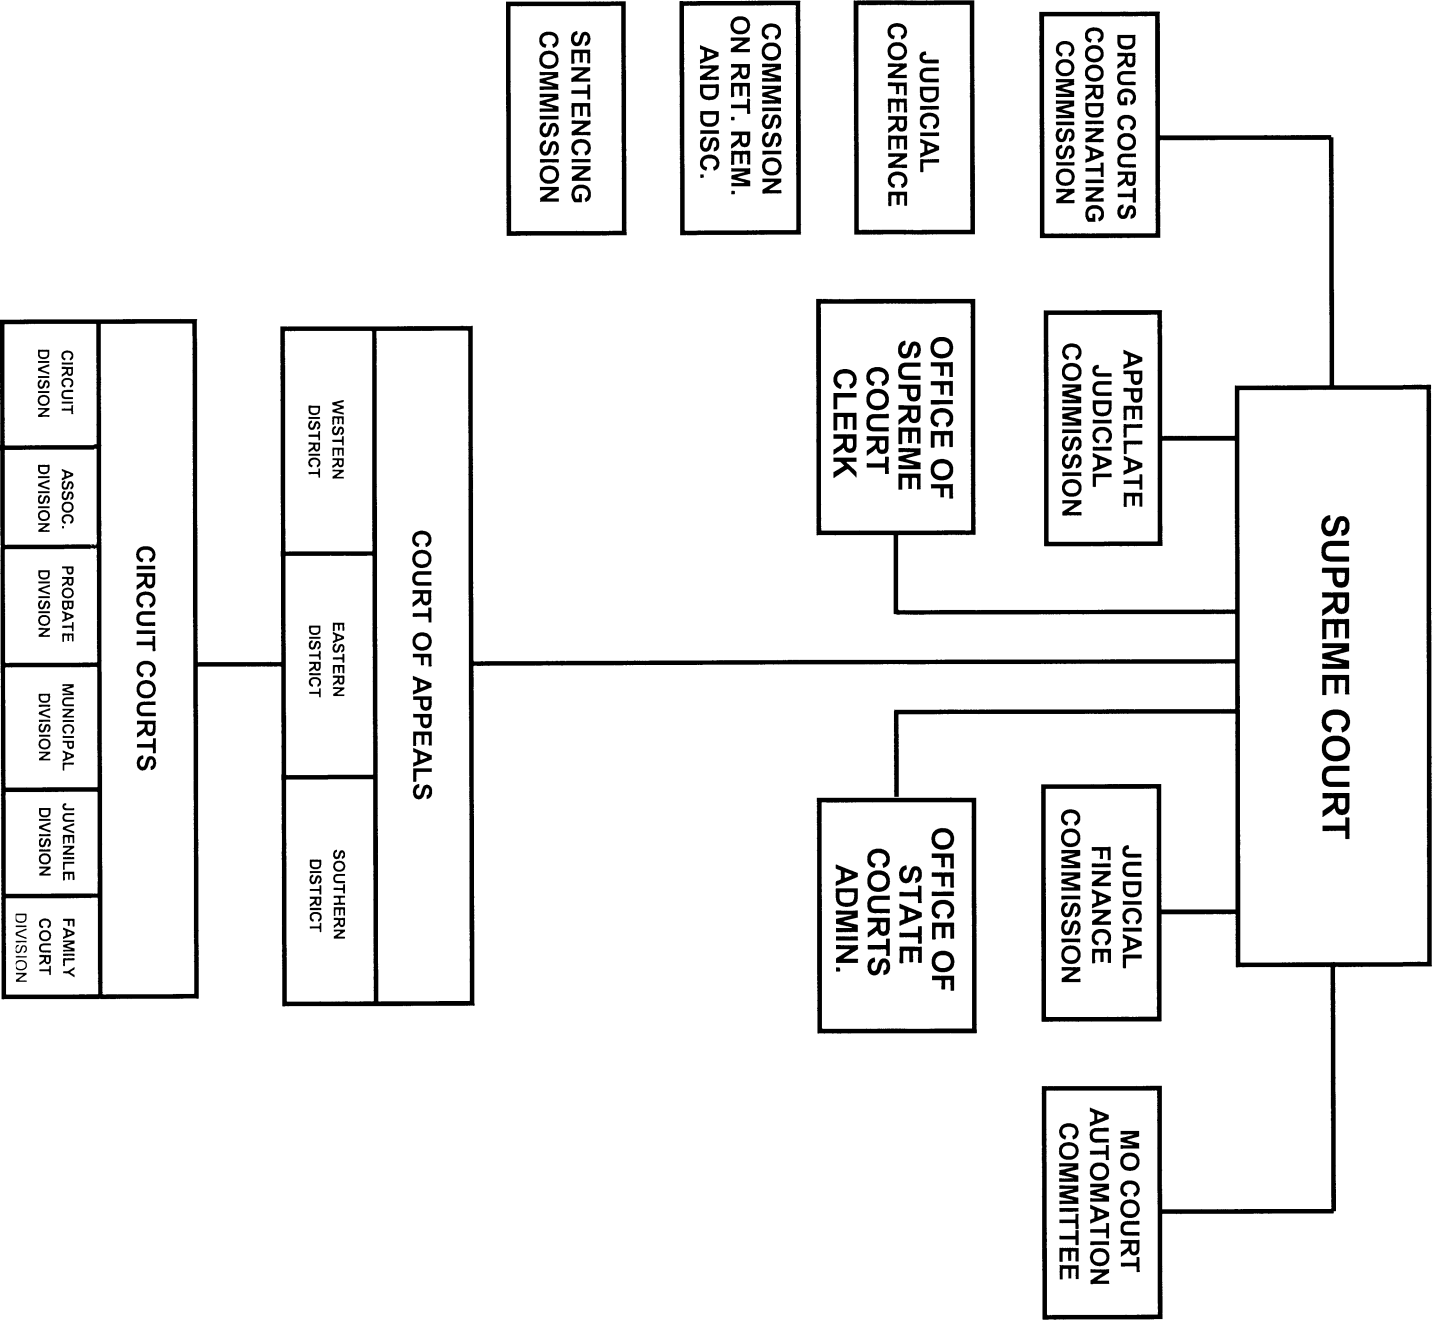

This budget document reflects the needs of the Judiciary for state funding for fiscal year 2007.

Contained in the request are items that are essential for the operation of the Judiciary. It is also vital to continue funding the core budget for the court automation program at the current level to provide for ongoing maintenance needs.

Included in this request are five items mandated by Federal rule or State statute. An increase of \$81,125 for foreign language interpreters in civil and juvenile cases is needed to comply with the Federal Executive Order 13166 that all non-English speaking individuals have full access to the judicial process. Also included in this request is \$41,454 in additional general revenue to provide payment of transcription costs at the statutory rate per §488.2250, RSMo. To comply with federal commercial drivers' license rules, there is a request for \$500,000 in additional federal spending authority, and to provide funding for the new judges, commissioners, and ancillary personnel mandated by SB 420 and HB 58 there are two requests, totaling \$561,300.

The budget for the Judiciary follows the constitutional and statutory organization of the judicial branch. This request also attempts to formulate the Judiciary's budget in accordance with the changes outlined by the Missouri Results Initiative and the Division of Budget and Planning.

INTRODUCTION  
TO THE  
SUPREME COURT BUDGET

The Missouri Supreme Court is established by Article V, Section 1 of the Constitution. It is the highest court in the state and supervises all courts in the state. The Supreme Court is authorized to appoint a clerk and a state courts administrator. It may establish rules of procedure, may transfer judicial personnel, and has budgetary authority within the judiciary.

For fiscal year 2007, an increase of \$125,000 in the appropriation is requested from general revenue to cover costs associated with the annual Judicial Conference as mandated by §476.330, RSMo.

The budget for the Supreme Court is divided into five components. The Judges and Clerk's Office are budgeted under the Judicial Proceedings and Review program, as is the Judicial Finance Commission, the Judicial Conference, and Basic Civil Legal Services. The Office of State Courts Administrator, Court Improvement Projects, Statewide Court Automation, and Judicial Department Education each have separate budget tabs.

**NOTES:**  
The Basic Civil Legal Service (BCLS) Program was moved from HB 12.305 to the Supreme Court in FY06. For consistency purposes, we are showing the FY05 appropriation and expenditures in the Supreme Court Core. The BCLS appropriation for FY05 was \$2,057,366E and expenditures were \$3,019,520, which accounts for the negative unexpended funds for FY05.

TOTAL	\$3,257,366	\$28,344	\$3,285,710

**1. What does this program do?**

The Basic Civil Legal Services Fund, passed in 2003, provides low income Missourians with equal access to the civil justice system.

In addition to other fees authorized by law, the clerk of each court shall collect the following fees on the filing of any civil and criminal action or proceeding, including an appeal: Supreme Court and Court of Appeals \$20.00; Circuit Courts \$10.00; Associate Circuit Courts \$8.00. The analysis of the number of cases filed, factoring in the usual collection rate for court costs, indicated that the fund would collect approximately \$3,000,000 in any given year.

SB 447 provided that the moneys must be paid to the Office of State Courts Administrator and credited to the Basic Civil Legal Services Fund, which is administered by the Supreme Court.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

§477.650 and §488.031, RSMo

<p>There is a need to provide a financial incentive to be able to recruit more experienced law clerks to stay with the Court and to induce qualified law students to work with the Court after graduation. Many judges on the Court want law clerks to remain for more than one year because they become more efficient, have greater expertise, and the law clerks themselves express an interest in staying. The Supreme Court is a small budgeting agency where turnover will not provide the court funding necessary to implement promotional salary increases to qualified legal staff. The Court should be able to reward law clerks who meet the criteria for advanced salary: excellent work product, efficient use of time, minimum supervision required, and at least four years of continuous service at the Court. It has become increasingly difficult to employ and retain attorneys who must make the financial sacrifice to maintain employment with the Court.</p>									

**NEW DECISION ITEM****RANK: 7****Judiciary****Budget Units 11095C, 14301C, 14401C, 14501C****Common Decision Item****Law Clerk Recruitment and Retention**

The Court's goal is to retain 50 percent of first-year law clerks and utilize their experience for a minimum of a second year at the Court. The Court employs two law clerks per Supreme Court Judge for a total of fourteen. Currently, first year law clerk's salary is \$3,493 per month at pay range 29, Step I. Proposed funding would allow the Court to increase second year law clerks salary to \$3,709 monthly at pay range 29, Step L.

Western District

Funding is needed to provide a financial incentive to be able to recruit more experienced law clerks to stay with the Court and to induce qualified law students to work with the Court after graduation. Many Judges on the Court want law clerks to remain for extended terms because they become more efficient, have greater expertise, and the law clerks themselves express an interest in staying. The Western District Court of Appeals is a small budgeting agency where turnover will not provide the court funding necessary to implement promotional salary increases to qualified legal staff. The Court should be able to reward law clerks who meet the criteria for advanced salary: excellent work product, efficient use of time, minimum supervision required, and at least four years of continuous service at the Court. It has become increasingly difficult to employ and retain attorneys who must make the financial sacrifice to maintain employment with the Court.

Eastern District

Funding is needed to increase starting law clerks' salaries and for promotional increases to law clerks' salaries. It has been increasingly difficult for the court to attract the most qualified law clerks out of law school. In addition, it is important to increase the salaries of law clerks who remain with the court to utilize their expertise and efficiency. Competition for legal talent in the St. Louis metropolitan area is strong. The starting salary in St. Louis at many firms is \$90,000. The average debt of a graduate from a law school in Missouri is over \$63,000. With this high debt, it is difficult for many recent law school graduates to consider employment with the court. In a recent ABA poll, over 2/3 of law students said that high debt prevented them from considering positions in the public sector. The Eastern District is a small budgeting agency where turnover will not provide the core funding necessary to implement starting salary increases and promotional increases to qualified legal staff.

Southern District

It is becoming difficult to induce high quality law students to work as a law clerk with the Court after their graduation and to induce current law clerks to remain with the Court for more than one year. With more commensurate salaries to the private sector, the Court will be a viable option for new law school graduates. Further, more judges are interested in keeping a law clerk beyond the usual one-year period. Experienced law clerks are more efficient, self-motivated and have a greater understanding and expertise of the research needs of their judge. The career research attorney is also a very important asset as the position needs an individual knowledgeable in the law and the court's history and procedure.

Recruitment offices report the average starting pay for law school graduates was approximately \$60,000. The estimate for the median national starting salary was \$50,000 in 1999 for all attorneys and \$75,000 for private practice. Competition for legal talent in Missouri is fierce. The Court cannot compete with other organizations to obtain top quality law school graduates when higher salaries are available. Raises first year law clerks salary four steps.

<p><u>Supreme Court and Western District</u>          There is need to implement additional security procedures and equipment to achieve a safe and secure court facility for citizens and judicial employees. An x-ray inspection system to prevent weapons from entering the court building is vital. Exterior windows adjacent to public thoroughfares and accessible from ground level should be provided with a protective laminate.</p> <p><u>Eastern District</u>          The Court is requesting funding for contract security to provide security guards for the Court's entrance when the Court's marshals duties require their services elsewhere such as serving as bailiff in the courtroom and serving warrants and writs.</p> <p><u>Southern District</u>          Following an on-site evaluation by the Court Security Coordinator in both Springfield and Poplar Bluff, funding is being requested to implement additional security procedures and equipment at the Court. The Court by statute must hold two sessions of court annually in Poplar Bluff. This request also includes security improvements there.</p>

<p>Request to fund the cost of keeping current with increased costs of access to current legal research services, both automated material and traditional books and services. The continued deterioration of core funding for appellate law libraries will adversely affect the legal research required for timely case disposition and the quality of legal analysis. The Courts use a combination of research resources to achieve the most economic means of staying current with the data: printed materials, on line computer research and local area network CD Rom file service. The productivity of legal publishers is tied closely to activities of the courts and state legislatures. After cutting costs to legal research the last three years, the titles which are retained are deemed to be necessary to meet the Court's research needs.</p>

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>Section 476.330, RSMo, requires the Missouri Judicial Conference to meet annually. This is a request for re-instatement of funding for the annual Judicial Conference. Funding for the statutorily required Judicial Conference was eliminated from the FY 2004 budget due to extreme core budget reductions. The Judicial Conference provides the forum by which judges and other legal professionals in our state meet, discuss and develop solutions for today's complex legal issues facing Missourians.</p>

<p>Request funding to re-instate Maintenance Worker I position that was cut in fiscal year 2004. This position was eliminated during the core reductions for FY 2004. The Supreme Court Maintenance Department provides a variety of services to Supreme Court staff. Services include maintenance to building and grounds, renovation work, print shop and mail room duties. In addition, services are provided to common areas of building used by the Attorney General's office. A fully staffed Maintenance Department saves the state money each year by completing renovations and repairs that many times would otherwise be completed by private contractors.</p>

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>																																																																					
<p>The Basic Civil Legal Services Fund, passed in 2003, provides low income Missourians with equal access to the civil justice system.</p> <p>In addition to other fees authorized by law, the clerk of each court shall collect the following fees on the filing of any civil and criminal action or proceeding including an appeal: Supreme Court and Court of Appeals \$20.00; Circuit Courts \$10.00; Associate Circuit Courts \$8.00. The analysis of the number of cases filed, factoring in usual collection rates for court costs, indicates that the fund will collect approximately \$3,000,000 in any given year. Initially, the fund was estimated to collect approximately \$2,000,000 per year. This is a request for an increase to the appropriation to \$3,200,000 for fiscal year 07.</p>

<b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b>									
<p>In order to determine the estimated revenue that was to be directed to the fund, historical data was used regarding number of court cases filed in Missouri. The prescribed fees were applied to the number of court cases filed resulting in the initial estimate of \$2,000,000 total revenue for the fiscal year. Since the original estimate was made, we now have one year of actual performance to factor into the formula. This process will continue to provide us with updated information relating to the estimated amount of revenue expected.</p>

## 1. What does this program do?

- Develop procedures related to case processing and financial management, develop and update procedural handbooks for trial and municipal courts, and provide on-site case processing reviews to examine administrative and financial procedures for improved efficiency.
- Assist courts with implementing case processing time standards by providing management reports, providing information and training on effective case management, identifying courts needing additional judicial and non-judicial resources and, as possible, providing courts with necessary resources. (Court Operating Rule 17.45)
- Create a rule establishing guidelines by which any award of child support shall be made in any judicial or administrative proceeding and publish said guidelines, and specifically list and explain the relevant factors and assumptions that were used to calculate the child support guidelines.
- Direct courts on the collection and disbursement of court costs, fees, miscellaneous charges and surcharges consistent with applicable statutes. (Court Operating Rule 21)
- Promulgate rules and regulations on the assessment and payment of court costs.
- Promulgate Recommended Accounting Guidelines and Recommended Accounting Review Procedures to Appointing Authorities.
- Assist the Court in its constitutional function of transferring judges from one circuit or district to another as caseloads demand.
- Assist the Criminal Records and Justice Information Advisory Committee on recommending general policies, concepts and operational principles of the Missouri criminal history record information system.
- Develop juvenile court standards, training and assessment forms considering racial disparities in the juvenile justice system. (§211.326, RSMo)

## PROGRAM DESCRIPTION

<b>2. CORE DESCRIPTION</b>									
<p>The Court Improvement Projects' core budget item provides the appropriation authority to accept and expend a variety of grants and other monies on behalf of programs and services provided to the public by the Missouri judiciary. These are federal/other funds.</p> <p>The judiciary's grant program is focused on fulfilling mandates and helping to test new ways to make the judicial branch more effective and responsive to the needs of our citizens. The specific types of problems these programs address range from improved processing of child abuse and neglect cases to automating the reporting of criminal history information and adult protection orders to help promote safety for Missouri families.</p>									
<b>3. PROGRAM LISTING (list programs included in this core funding)</b>									
Basic Civil Legal Services (page 58) Technical Assistance (page 130) Maintenance of Court Automation (page 135) Administration (page 141) Implementation/Expansion of Court Automation (page 162) Trial Courts (page 269) Permanency Planning (page 295)

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>																																																																					
<p>Federal mandates in 49 CFR 384.225 require Missouri to improve the timely collection and transmission of complete and accurate driving violation conviction information. Court information must be reported within 10 days of the conviction or federal financial sanctions will apply. Failure to comply with this federal mandate by September 30, 2005 will result in the annual loss of 5% of all federal aid highway funds starting October 1, 2007, and 10% in each subsequent federal fiscal year. This translates to a loss of \$125 million in federal aid highway funds by fiscal year 2010. In order for Missouri to be in compliance with this federal mandate, the most appropriate strategy is to expand the automated reporting of traffic convictions from the statewide court automation efforts. The automation of all state courts should be completed in 2007. However, municipal courts will need to be automated as well to meet this federal directive. This funding will help deploy automated reporting in Missouri's municipal courts.</p>

<b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b>									
<p>The US Department of Transportation's Federal Motor Carrier Safety Administration has endorsed Missouri's approach to meeting the federal disposition reporting mandates by providing \$500,000 in federal grant funding in FY 06 to help complete the implementation of the Judicial Information System (JIS) used for automated reporting of traffic dispositions in state courts. In order to be in compliance with the federal mandate, this information technology strategy will be implemented in the municipal courts, provided grant funding is made available in FY 07. It is assumed that, since the federal grant program was willing to support this effort in state courts in FY 06, that additional grant funding can be obtained in FY 07.</p>

**Federal Traffic Disposition Reporting Mandate (#1100047)**

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

**6a. Provide an effectiveness measure.**

This program will be considered effective if the traffic disposition reporting for Missouri is within the 10 day period mandated by the federal government.

Before the automated interface for record of conviction and case transfer was implemented in the Fine Collection Center (FCC), it took 21 days to transmit data to the Department of Revenue. After automation was implemented, the time it took to transfer the data was reduced to 3 days.

Currently, it takes 39 days for municipal courts to transmit the same data to the Department of Revenue. If the municipal courts are automated, the number of days to transmit the data is expected to be reduced to no more than 6 days.

**6b. Provide an efficiency measure.**

Missouri will invest \$500,000 in federal grant authority to help maintain \$125 million in federal highway funding.

<b>2. CORE DESCRIPTION</b>									
The fundamental strategic goal of the Statewide Court Automation Project is to build "an integrated court system that renders geography largely irrelevant . . . with greater efficiency, wider access, and enhanced accountability" for the litigant and taxpayer. This is a continuation of a long-term plan to develop an "information infrastructure" that was started in 1996. This plan includes installation and ongoing development of case management and other software packages.									
<b>3. PROGRAM LISTING (list programs included in this core funding)</b>

**1. What does this program do?**

- Implements the integrated caseload management software (JIS) in the remaining 3 circuits with 16% of the state's court caseload for court implementation and the remaining 5 juvenile offices with 29% of the juvenile caseload.
- Tests and deploys software upgrades.
- Conducts pre-implementation site visits to aid in the development of individual training plans for court staff on the JIS software.
- Creates reports that allow the courts to better serve the public by managing dockets, caseloads, hearings, etc.
- Expands utility of the system through automated information sharing with Highway Patrol, Department of Revenue, Department of Social Services, and others.
- Evaluates new hardware and software that may provide expanded utility to the Judiciary.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

State: §488.027 and 476.055, RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

<b>2. CORE DESCRIPTION</b>									
Judicial Education serves to orient new employees to a complex set of law and procedure, all of which must be understood and adhered to if litigants are to have their cases resolved fairly and expeditiously. Judicial Education also plays a major role in updating knowledge and skills for almost 4,000 state, county and municipal judicial branch employees—front line workers such as juvenile officers, detention workers, court clerks—who have no other means to acquire the information they need to discharge their day-to-day job responsibilities. The Judicial Education Program packages courses and programs of study that are tailored to meet the specific needs of new as well as experienced court personnel. These courses and programs are also designed to satisfy standards mandated by statute and Supreme Court Rule.

**1. What does this program do?**

- Judicial Education staff conduct training programs for approximately 4,000 state, county and municipal court personnel as follows: Appellate Court Education, Trial Judge Education, Municipal Judge Education, Juvenile Division Education, Clerk Education, Municipal Clerk Education, and Court Reporter Education.
- Judicial Education serves to orient new employees to a complex set of law and procedure, all of which must be understood and adhered to if litigants are to have their cases resolved fairly and expeditiously.
- Judicial Education plays a major role in updating knowledge and skills for almost 4,000 judicial branch employees—front line workers such as juvenile officers, detention workers, court clerks—who have no other means to acquire the information they need to discharge their day-to-day job responsibilities. These courses and programs are also designed to satisfy standards mandated by statute and Supreme Court rule.
- Offers training expertise to support supervisors and their staff during and after their JIS implementation.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Section 476.057, RSMo

**3. Are there federal matching requirements? If yes, please explain.**

No.

**4. Is this a federally mandated program? If yes, please explain.**

No.

## INTRODUCTION TO THE COURT OF APPEALS BUDGET

The Court of Appeals is divided by statute into three districts. The Eastern District sits in St. Louis, the Southern sits in Springfield and Poplar Bluff, and the Western District sits in Kansas City. The number of judges in each district is also set by statute. The Eastern District has 14 judges, the Southern District has 7 judges, and the Western District has 11 judges.

Amendments to the Missouri Constitution in 1970 expanded the appellate jurisdiction of the Court of Appeals to include all cases not within the exclusive jurisdiction of the Supreme Court as specified in Article V, Section 3. All litigants have a right of appeal to the appropriate appellate court from final judgments in all civil and criminal cases. Judges are nominated by the nonpartisan Appellate Judicial Commission and appointed by the governor. If approved by the voters at the first general election after their first 12 months in office, they serve 12-year terms. Judges in each district elect a chief judge to serve for a term fixed by the district.

Last year, there were 14,579 motions, appeals, and writs filed and 14,111 motions, appeals, and writs disposed.

To assist the Court of Appeals in carrying out its constitutional obligations, staff of the three districts share common functions including keeping records and filing, arranging dockets; reviewing briefs and motions; and presenting them to the court in an organized manner, issuing court orders, transporting prisoners, and carrying out financial management, legal research and library functions. Staffing patterns for carrying out these duties vary among the three districts, depending upon local needs. Case management is facilitated by use of a common computer system used in the statewide court automation effort.

While recognizing the serious budgetary problems the state has encountered recently, the three districts of the Court of Appeals are increasingly concerned about their ability to hire and retain quality non-judicial personnel. A well trained, competent work force is essential to the effective and efficient operation of the Court of Appeals, as well as it is to all government agencies.

The total FY 2007 request for the Court of Appeals is \$11,133,629. Funds to operate the Court of Appeals are appropriated separately to each district: the Western District is requesting \$3,889,913; the Eastern District is requesting \$4,858,998; and the Southern District is requesting \$2,384,718. In this regard, the three districts of the Court of Appeals agree that there are certain additional resources that are necessary to permit the Court, as a whole, to perform its constitutional obligations. Those resources, in order of priority, are:

The three districts of the Court of Appeals are all in need of an ongoing computer upgrade core to be used to replace computers and other related electronic equipment on a regular basis. All three districts are asking that funds for each be equal to the amount needed to replace approximately one-third of their computer and electronic equipment items each year to avoid the need for massive replacement of such equipment periodically in a single fiscal year. The amounts requested are \$106,040 for the Western District, \$123,310 for the Eastern District, and \$62,187 for the Southern District. **The total for these decision items is \$291,537.**

The three districts of the Court of Appeals need to maintain a core of experienced law clerks to assist judges in researching legal issues and conducting the Court's business. The need of each district is to fund the law clerk job classification with sufficient dollars to meet promotional criteria. The amounts requested are \$113,488 for the Western District, \$103,152 for the Eastern District, and \$37,380 for the Southern District. **The total for these decision items is \$254,020.**

The three districts of the Court of Appeals, while susceptible to violence before September 11, 2001 must respond to this violent act to protect the general public as well as judicial personnel. While needs vary from one court to another, the overall sought after result is the same—a secure environment for the resolution of conflicts and the administration of justice for all Missourians. The amounts requested are \$100,791 for the Western District, \$20,000 for the Eastern District, and \$68,950 for the Southern District. **The total for these decision items is \$189,741.**

The three districts of the Court of Appeals are all in need of a 12% increase in legal research services due to double-digit percentage cost increases more or less annually over the past several years. Costs are expected to continue to increase due to the volume of legal work completed. The amounts requested are \$19,761 for the Western District, 13,431 for the Eastern District, and \$22,952 for the Southern District. **The total for these decision items is \$56,144.**

## PROGRAM DESCRIPTION

### Judiciary

### Court of Appeals - Western District

### Judicial Determination

#### 1. What does this program do?

- The judges, with the aid of law clerks and judicial administrative assistants, research statutory and case law, read briefs, hold oral arguments, write opinions, rule on post-opinion motions, motions to recall mandates, and consider and rule on requests for extraordinary writ relief.
- Pursuant to the Missouri Non-Partisan Court Plan, the Chief Judge chairs three Circuit Judicial Commissions to select panels for submission to the governor for the appointment of Circuit and Associate Circuit Judges in the 6th, 7th and 16th Judicial Circuits.
- The Court en banc sets administrative policies and internal and external rules for Western District.
- The judges hold court in schools and courthouses throughout the 45 counties comprising the Western District.
- Senior judges hold pre-submission settlement conferences in civil cases that facilitate early resolution of appeals.

#### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Article V, Section 13, Missouri Constitution, Chapter 476 and 477, RSMo

#### 3. Are there federal matching requirements? If yes, please explain.

No.

#### 4. Is this a federally mandated program? If yes, please explain.

## PROGRAM DESCRIPTION

### Judiciary

#### Court of Appeals - Western District

#### Property Management and Security

#### 1. What does this program do?

At the present time, the Western District is the only district of the Court of Appeals which is solely responsible for operating, maintaining and establishing security for its own facilities.

- The Building Manager repairs and maintains the courthouse---interior and exterior--its equipment and landscaping, and supervises contracts with outside vendors including vendors providing janitorial, heating and cooling, and snow and waste removal services for the Western District.
- The Marshal and Deputy Marshal provide courthouse and personnel security during working hours; track all criminal appellants during the appeal process, whether on bond or incarcerated; and coordinate some arrests of criminal appellants on bond with other law enforcement agencies, and, in other instances, actually make the arrests. The Marshal and Deputy Marshal also act as bailiffs and courtroom security officers during court sessions.

#### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Article V, Section 13 Missouri Constitution, Chapters 476 and 477, RSMo

<b>2. CORE DESCRIPTION</b>																																																																																	
<p>The Missouri Constitution and Missouri Statutes confer upon the Eastern District Court of Appeals jurisdiction over 25 counties and the City of St. Louis containing over 42% of the state's population. All citizens within this area have an automatic right of appeal from all final judgments in civil and criminal cases to the Eastern District, except those within the exclusive jurisdiction of the Supreme Court. The Court hears 45% of all appeals filed in the state. The Eastern District contains six correctional facilities containing over one-third of the state's prisoners and five centers run by the Department of Mental Health creating a continuing source of petitions for writs and appeals. In order to carry out its mandate to hear and decide cases, the Court also operates the Clerk's Office, the library, and provides security. The Court endeavors to make the appellate process visible to all geographic areas of the Eastern District by holding sessions of court at over 20 different locations at court houses and schools throughout the Eastern District.</p>

<b>2. CORE DESCRIPTION</b>									
<p>The constitutional provisions establishing the parameters and responsibilities of the Missouri Judicial system reflect the basic recognition of the need for a fair and timely system of justice for Missouri citizens. The Missouri constitution charges the Southern District of the Court of Appeals with appellate jurisdiction over cases which arise in the 44 counties of southern Missouri. By statute, the Southern District holds oral argument sessions in Springfield and in Poplar Bluff. The Court attempts to broaden its exposure, educate the public and save time and expense for litigants and counsel by holding oral argument sessions in different county courthouses throughout the district's jurisdiction.</p>

## INTRODUCTION TO THE CIRCUIT COURT BUDGET

The Circuit Courts, organized under the Constitution and statutes, are the trial courts of general jurisdiction. There are 45 circuits, each having at least one circuit judge and one associate circuit judge for each county in the circuit. Each circuit has a presiding judge and is organized into divisions: circuit, associate, family/ juvenile, municipal, and probate.

In each county there is a circuit clerk whose office supports the clerical aspect of the cases before circuit judges, and a supporting staff for the associate circuit judges. In larger counties there may be several divisions of the court, each with separate support staff. In the 35 multi-county circuits, the juvenile court staff are state paid.

Core funding for the circuit courts for FY 06 includes 2,893.20 FTE. There are 618.50 positions which are provided for by statute with statutory salaries and 2,274.70 other personnel. While the bulk are deputy and division clerks, included in that total are 508.0125 FTE to support juvenile operations.

The fiscal year 2007 budget request includes \$627,754 general revenue ongoing funding for items that are mandatory pursuant to state statutes: \$561,300 statutory new judgeships, clerks and court reporters (SB 420 and HB 58); \$41,454 for transcription costs; and \$25,000 legal fees for the St. Louis City circuit clerk.

#### 1. What does this program do?

The trial courts are responsible for adjudicating cases involving:

- Civil Actions
- Domestic Relations
- Felonies, Misdemeanors, and Infractions
- Trials de novo
- Small Claims
- Traffic
- Ordinance violations
- Guardianships
- Conservatorships
- Decedents' estates
- Mental Health proceedings
- Adoptions
- Child Support
- Paternity
- Adult Abuse/Child Protection
- Change of name
- Marriage license waiting period waivers.

Adjudication of cases involves: filing pleadings; holding hearings; entering judgments; making the court record; managing juries; holding parties accountable for court orders through garnishments and collection agencies; and conducting probation violation hearings.

In addition:

- Section 488.2250, RSMo, obligates the state to pay transcription fees for: transcripts of testimony required by the judge; transcripts of criminal trials in which an indigent defendant appeals; pleas and sentences for class A & B felonies; and, transcripts of preliminary hearings in homicide cases.
- Section 494.455, RSMo, provides that, if a county increases juror compensation from \$6 to \$12 a day from local funds, the state will add another \$6 to take compensation for the day actually served to \$18.00.

## PROGRAM DESCRIPTION

TOTAL	\$800,000	\$500,000	\$1,300,000

#### 1. What does this program do?

- HB 600, passed in 2003, allowed the courts to engage private collection agencies to collect unpaid court costs, fees, and fines. There is an estimated \$23.4 million in unpaid costs, fees and fines at the present time subject to collection.
- The Circuit Court Budget Committee elected to combine the circuit court debt collection process and the Fine Collection Center in a privatization bid which saves the state at least \$170,000 annually, and reduced the state workforce by 23 FTE.
- Through the use of two collection methods, the courts are increasing compliance with monetary judgments.
- §488.5028, RSMo authorizes the courts to collect delinquent court costs, fines, and fees or other sums due to the state or a political subdivision by offsetting an individual's Missouri tax refund. The program began in mid-January 2004 with three pilot courts and, at the end of FY 05, there were 48 counties in the program.
- §488.5030, RSMo authorizes courts to refer a debt to a collection agency. By statute, the costs associated with collection efforts are added to the amount due to the court and such costs shall not exceed twenty percent (20%) of the amount collected. ACS Government Systems Inc (ACS) was awarded the contract to provide debt collection services. The first notices for the two pilot courts were mailed on June 7, 2004 and, at the end of FY 05, there were 25 counties in the program.
- §476.385, RSMo authorizes the establishment of a Fine Collection Center which can accept mail-in payments of fines and costs based on uniform fine schedules for the less serious traffic, watercraft and conservation offenses. Persons charged with violations contained on the uniform fine schedules have the option of making payment to the Fine Collection Center and thereby avoiding a court appearance.
- The Fine Collection Center processed 147,234 traffic, conservation, and watercraft citations in FY 05.

## PROGRAM DESCRIPTION

<b>Judiciary</b>	
<b>Circuit Courts</b>	
<b>Juvenile Justice</b>	

**1. What does this program do?**

- Juvenile Courts have jurisdiction over all juvenile cases: abuse and neglect, adoption, termination of parental rights, status offenses, and delinquency cases. Some of the juvenile court activity results in formal cases being filed, but there are other informal adjustments made involving juveniles that do not show up in case filing and disposition reports.
  
- All juvenile courts need juvenile officers and clerical support staff for screening, processing, and serving juvenile court youth/referrals. Many circuits have juvenile detention facilities that are open 24 hours, 7 days per week; these require clerical staff and detention workers.
  
- Juvenile Courts provide workload, assessment, and outcome data to the Office of State Courts Administrator for youth receiving informal and formal services.
  
- Juvenile Courts collaborate with the Office of State Courts Administrator to ensure race and gender assessment and disposition equity.
  
- Juvenile Courts report statistics and information on delinquency and the effectiveness of delinquency programming to the Division of Youth Services.
  
- Juvenile Courts require juvenile officers and clerical support staff to screen and process juvenile court referrals and supervise youth in accordance with the Standards for the Administration of Juvenile Justice.
  
- Fifteen juvenile secure detention centers located in 35 multi-county circuits require juvenile officers and detention aides to provide intake and supervision services at the youth/staff ratio established by Supreme Court Rule. Food service, maintenance and clerical staff are also necessary for the daily operation of these facilities.
  
- In FY 06 there are a total of 508.1375 non-statutory juvenile court employees and 10 statutory chief juvenile officers that are paid by the state.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

**1. What does this program do?**

The Access to Justice program provides assistance to the courts in removing physical and linguistic barriers to ensure that all persons have access to court services, activities, and programs in compliance with Missouri statutes and the Americans with Disabilities Act. The program:

- Supports the need for deaf and foreign language interpretation services as mandated in §476.800 through §476.806, RSMo;
- Provides resources to the courts for services or auxiliary aids in judicial/quasi-judicial criminal proceedings to persons with a hearing loss;
- Provides payment of fees and expenses for providers of services for the deaf and hard of hearing who serve before any civil court or criminal, civil or juvenile proceeding;
- Provides payment of fees and expenses for providers of services for the limited English proficient population who serve before criminal proceedings;
- Provides assistance in locating interpreters needed by the courts and processes interpreter payments;
- Provides Braille printed documents for the courts upon request;
- Conducts training and/or offers materials for court personnel regarding the requirements of the Americans with Disabilities Act; and
- Conducts training and testing of foreign language interpreters for certification.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Federal: Title II of the Americans with Disabilities Act, Federal Executive Order 13166

State: Sections 476.060, 476.750, 476.753, 476.756, 476.760, 476.763, 476.800, 476.803, and 476.806, RSMo

### Access to Justice

#### 4. Is this a federally mandated program? If yes, please explain.

Title II of the Americans with Disabilities ACT (ADA) mandates that state and local governments ensure persons with disabilities are not precluded from services, programs or activities. The ADA requires the entity to furnish appropriate services or auxiliary aids at no expense to the person with a disability. The U.S. Supreme Court's decision in *Tennessee v. Lane* upheld the constitutional provisions of Title II of the ADA that allows private citizens to bring suits for money damages against the state for failing to provide reasonable access to the courts, costing the state and counties more than \$970,000. Recipients of federal assistance must comply with Title VI of the Civil Rights Act of 1964 that prohibits discrimination, including discrimination on the basis of national origin.

#### 5. Provide actual expenditures for the prior three fiscal years.

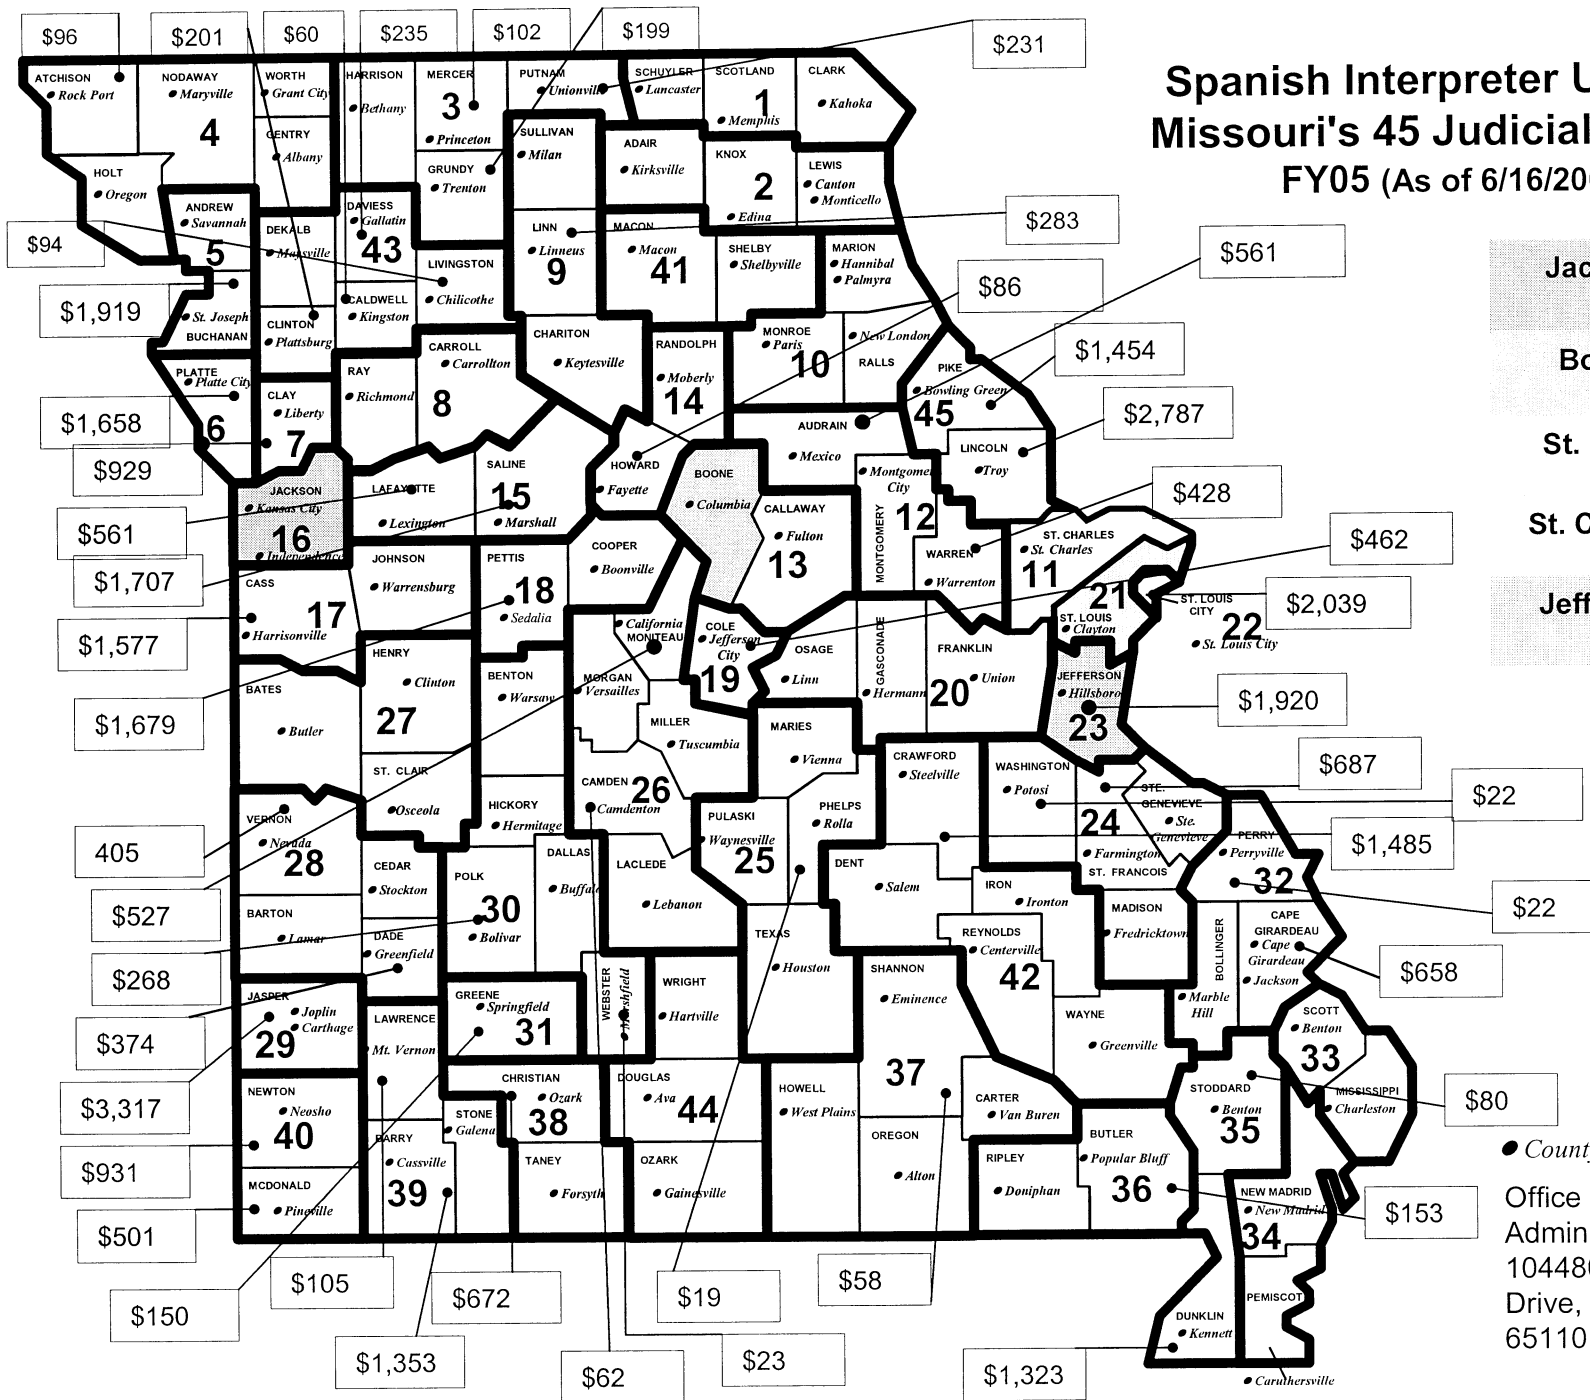

\* Since Missouri law only allows courts to pay for foreign language interpreters in criminal proceedings, a VAWA (Violence Against Women Act) grant administered through the Department of Public Safety was used from January 2003 to June 30, 2004 to pay for foreign language interpreters assisting victims filing petitions for orders of protection and subsequent hearings.

#### 6. What are the sources of the "Other " funds?

State Courts Administration Revolving Fund

During FY 05, 66 people participated in the orientation for foreign language interpreters. Out of 18 who took the oral exam, four candidates completed the certification process by passing all three parts of the oral proficiency examination with scores on each part of 70% or greater.</p> <p><b>7b. ## PROGRAM DESCRIPTION

**Judiciary****Circuit Courts****Permanency Planning****1. What does this program do?**

	Court Improvement	Circuit Courts	Total
GR	\$0	\$134,500	\$134,500
FEDERAL	\$275,000	\$0	\$275,000
OTHER	\$0	\$356,912	\$356,912
TOTAL	\$275,000	\$491,412	\$766,412

The purpose of the Permanency Planning Project is to:

- Develop and implement a plan for improvement which will result in timely, full and fair proceedings for children and their families and in timely placement of all abused and neglected children in permanent homes;
- Shorten the average length of stay for children in out-of-home care, and;
- Reduce the amount of state and federal funds that would otherwise have been necessary to support those children in out-of-home care.

The primary focus of the Project had been implementation of judicial reforms in three juvenile courts in Circuits 2, 22, and 23. That focus expanded in 2004 with passage of HB 1453. The bill requires implementation of time standards for child abuse/neglect hearings in all circuits.

**2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)**

Adoption and Safe Families Act (1997) P.L. 105-89; Family Preservation and Support Act (1993); Promoting Safe and Stable Families Act (2001) P.L. 107-133; Chapter 211 RSMo.

**3. Are there federal matching requirements? If yes, please explain.**

Yes, for the federal grant funds, a 25% match of total federal program budget.

**4. Is this a federally mandated program? If yes, please explain.**

No.

## PROGRAM DESCRIPTION

## 7a. Provide an effectiveness measure.

The percentage of children who had been in care two years or more is down significantly.

These reductions are occurring despite increases in the number of children coming into care.

## 7b. Provide an efficiency measure.

AVERAGE LENGTH OF STAY FOR CHILDREN IN CARE ON LAST DAY OF FISCAL YEAR

	FY 1997	FY 2004	% Change
<b>Circuit 2*</b>	41.5 months	20.7 months	-60%
<b>Circuit 23</b>	38.2 months	18.1 months	-50%
<b>Statewide</b>	32.4 months	26.4 months	-25%

\* Adair County only, the largest county in the circuit

\* Largest county in Circuit 2

## PROGRAM DESCRIPTION

**Judiciary****Circuit Courts****Permanency Planning**

While average length of stay has not been reduced in Circuit 22, the number of children in the legal custody of the Children's Division has declined. On December 31, 1999, just prior to the start date for the project, there were 2,951 children in care in St. Louis City. By May 31, 2005, the latest date for which data is available, the number had dropped to 1,646, a decrease of 44%. During the same period, the number of children in custody statewide declined from 11,630 to 11,308, a decrease of just 3%. It is reasonable to assume that Juvenile Court Improvement Project reform efforts, including frequent judicial reviews and oversight of these cases, have contributed to the reduction.

## CHILDREN IN DFS/ CD CUSTODY ON THE LAST DAY OF THE MONTH

	Dec. 1999	May 2005	Change	% Change
<b>Circuit 22</b>	2,951	1,646	-1,305	-44%
<b>State</b>	11,630	11,308	-322	-3%

Based on an evaluation completed by the Institute of Applied Research in June 2003, positive outcomes have occurred in Circuit 22 as a result of the project. Under JCIP procedures:

- Time from initial protective custody to protective custody hearing was reduced from 4.5 days to 1.6 days (excluding weekends);
- Time from protective custody hearing to disposition hearing was reduced from 103.7 to 48.9 days;
- Frequent and on-going judicial reviews were instituted;
- The incidence of new substantiated child abuse and neglect reports within 18 months of reunification was reduced; and
- The incidence of new removals from the home was reduced.

HB 58, passed in 2005, created one additional associate circuit court judge in Cass County beginning 1/1/06. A supplemental appropriation request has been submitted to fund the first six months of this position and the associated Court Clerk III position required, in the FY 06 budget. This request is to continue funding for the associate circuit court judge and Court Clerk III position in Cass County.

<p>The number of associate circuit judges in any county is controlled by §478.320, RSMo, which provides for: one associate circuit judge in each county of less than 30,000 people; two associate circuit judges in counties of over 30,000 and less than 100,000; three or more associate circuit judges in counties of more than 100,000; and one additional associate circuit judge for each additional 100,000 inhabitants.</p> <p>The 2000 census listed St. Charles County's population as 283,883. The annual population estimate prepared by the United States Bureau of the Census for 2002 and 2003 both show the population to have exceeded 300,000. Based on preliminary estimates for 2004, it was determined that a new judgeship would be created in the 11th Circuit, St. Charles County.</p> <p>An appropriation request for this judgeship and court clerk III position was included in the FY 06 budget request. The General Assembly only appropriated enough funding for one-half of the request, or one-half year. This is a request to fully fund the judgeship and clerk in the 11th judicial circuit.</p>

The salary of the associate circuit judge is statutory and is a state obligation, as are division clerks, to staff the new court. Space, equipment and operating expenses are a county responsibility under the statutes, which predate the Hancock amendment.

For each new judgeship, the state costs are as follows:

SB 420, passed in 2005, created several new positions within the judiciary: a Family Court Commissioner in the 29th judicial circuit and a drug court commissioner in the 42nd judicial circuit, and converted two associate circuit court judgeships to circuit court judgeships in both the 23rd and 11th judicial circuits all beginning on 1/1/07. There are staff requirements for many of these positions. In addition, SB 5, passed in 2003, adds an additional circuit court judge position in the 13th judicial circuit beginning 1/1/07. This request is to fund these new positions.

<p><b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one times and how those amounts were calculated.)</b></p> <p>SB 420 creates a number of new judicial positions around the state, either by converting existing positions to circuit judges, converting certain commissioner positions to associate circuit judges, or creating entirely new judgeships or new commissionerships. Language in the bill allows certain positions to be converted to associate circuit judges outside the formula established in §478.320, RSMo. That statute establishes a population formula for deciding when new associate circuit judgeships are created. However, in the case of SB 420, several of the new judgeships "shall not be included in the statutory formula for authorizing additional associate circuit judgeships per county under §478.320."</p> <p>For example, under SB 420, the family court commissioner and the drug court commissioner in the 23rd circuit are becoming associate circuit judgeships, designated as division eleven and twelve respectively, which are current divisions in that circuit. However, SB 420 provides that these positions reside outside the §478.320 formula. Under that formula the 23rd judicial circuit is currently entitled to four associate circuit judges because the population exceeds 200,000. Reading SB 420 in conjunction with §478.320, we assume that the general assembly has authorized six associate judgeships for that circuit; four by operation of the formula and two additional judgeships by operation of the exemption language in SB 420. To meet this requirement, we are therefore requesting funding for two new associate circuit judges.</p> <p>Additionally, the bill creates two new commissioners in the 29th circuit and the 42nd circuit that must be state-funded and mandates that any drug court commissioner in the 23rd circuit be state-funded (this is addressed in a separate decision item). Finally, under legislation passed during the 2003 session, the 13th circuit will receive a new circuit judge effective January 1, 2007.</p> <p>The salary of the associate circuit judge is statutory and is a state obligation, as are division clerks, to staff the new court. Space, equipment and operating expenses are a county responsibility under the statutes, which predate the Hancock amendment. The salary of the circuit court judges are statutory and a state obligation, as are the court reporters assigned to each judge.</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 50%; vertical-align: top;"> <p>For each new associate circuit judgeship, the state costs are as follows:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 30%;">Associate Circuit Judge</td> <td style="width: 15%;">\$96,000</td> <td style="width: 15%;">1.00 FTE</td> </tr> <tr> <td>Court Clerk III</td> <td><u>\$28,260</u></td> <td><u>1.00 FTE</u></td> </tr> <tr> <td>Total Cost and FTE:</td> <td>\$124,260</td> <td>2.00 FTE</td> </tr> </table> </td> <td style="width: 50%; vertical-align: top;"> <p>For each new circuit court judgeship, the state costs are as follows:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 30%;">Circuit Court Judge</td> <td style="width: 15%;">\$108,000</td> <td style="width: 15%;">1.00 FTE</td> </tr> <tr> <td>Court Reporter</td> <td><u>\$49,860</u></td> <td><u>1.00 FTE</u></td> </tr> <tr> <td>Total Cost and FTE:</td> <td>\$157,860</td> <td>2.00 FTE</td> </tr> </table> </td> </tr> </table>		<p>For each new associate circuit judgeship, the state costs are as follows:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 30%;">Associate Circuit Judge</td> <td style="width: 15%;">\$96,000</td> <td style="width: 15%;">1.00 FTE</td> </tr> <tr> <td>Court Clerk III</td> <td><u>\$28,260</u></td> <td><u>1.00 FTE</u></td> </tr> <tr> <td>Total Cost and FTE:</td> <td>\$124,260</td> <td>2.00 FTE</td> </tr> </table>	Associate Circuit Judge	\$96,000	1.00 FTE	Court Clerk III	<u>\$28,260</u>	<u>1.00 FTE</u>	Total Cost and FTE:	\$124,260	2.00 FTE	<p>For each new circuit court judgeship, the state costs are as follows:</p> <table style="width: 100%; border: none;"> <tr> <td style="width: 30%;">Circuit Court Judge</td> <td style="width: 15%;">\$108,000</td> <td style="width: 15%;">1.00 FTE</td> </tr> <tr> <td>Court Reporter</td> <td><u>\$49,860</u></td> <td><u>1.00 FTE</u></td> </tr> <tr> <td>Total Cost and FTE:</td> <td>\$157,860</td> <td>2.00 FTE</td> </tr> </table>	Circuit Court Judge	\$108,000	1.00 FTE	Court Reporter	<u>\$49,860</u>	<u>1.00 FTE</u>	Total Cost and FTE:	\$157,860	2.00 FTE

<p>Deaf and foreign language interpreter payments have exceeded the annual appropriation since FY 02 and are expected to exceed the appropriation in FY 06 and FY 07. The legislature has appropriated \$120,000 annually for interpreters used in criminal proceedings since FY 2000. If need for FY 06 exceeds the core appropriation as expected, the Circuit Court Budget Committee plans to use the 10% flexibility given in the appropriation bill to provide funds to cover this shortage; therefore, no FY 06 supplemental request is forthcoming. However, based on the annual percentage change in interpreter usage since FY 02, we anticipate that a 15.35% increase is needed to cover interpreting services in FY 07, or an increase of \$41,454.</p>

<b>Increase in Entitlement Programs (#1100016)</b>	

Title II of the Americans with Disabilities ACT (ADA) mandates that state and local governments ensure persons with disabilities are not precluded from services, programs or activities. The ADA goes on to say that the entity shall furnish appropriate services or auxiliary aids at no expense to the person with a disability to ensure effective communication, giving primary consideration to the requests of the individual with a disability. Missouri has more than 497,900 citizens with significant hearing loss and more than 10,000 of these are profoundly deaf. Section 476.753, RSMo, defines when services or auxiliary aids must be provided in judicial/quasi-judicial proceedings to persons with a hearing loss, and §476.760(5) requires payment of fees and expenses for providers of those who serve before any civil court or criminal, civil or juvenile proceeding. Deaf and hard of hearing persons have the right to equal access to justice and providing auxiliary aids and services enables that to happen.

Missouri is becoming increasingly diverse. While Missouri's total population grew 9.3% between 1990 and 2000, the Hispanic population grew 92.2% and now makes up 2.1% of the state's population. The Asian population (Asian Indian, Chinese, Vietnamese, Filipino, Japanese, Korean, and Other), grew 55.1% between 1990 and 2000 and it now makes up .2% of the state's population. The remaining .4% of the state's non-white, non-African American population is European, African (not African American), Northern American or Oceanic. In order for individuals with linguistic difficulties to communicate effectively and have equal access to justice when they come before the courts for criminal cases, the courts may appoint interpreters per §476.060, RSMo.

<p>Section 483.260, RSMo authorizes the clerk of the circuit court of the City of St. Louis to employ an attorney who "... shall receive ... as compensation ... twenty-five thousand dollars per annum, payable out of the state treasury ..."</p> <p>Anticipating the repeal of §483.260 during the 2nd session of the 92nd General Assembly, these funds were cut from the circuit court's budget. Since §483.260 was not repealed and is still the law of the state, an appropriation of \$25,000 is required to comply with the statute.</p>

<p>This request will fund qualified foreign language interpreters for civil, including adult and child abuse, and juvenile cases. Federal Executive Order 13166 and the U.S. Department of Justice policy guidelines mandate that the courts provide interpreting and translating services to non-English speaking individuals who use the court system in order to have meaningful access to the courts. Failure to provide such services is a violation of Title VI of the Civil Rights Act of 1964 prohibiting discrimination based upon national origin.</p>

Missouri's total population is 5,754,618. There were 371,242 civil and juvenile cases filed in 2004. Approximately 6% of the total population filed civil and juvenile cases. The percentage of the Missouri population that speaks little or no English is 2.2%. The average hourly rate of interpreters is \$63.00/hour, and it is estimated that each case would require an average of 2.5 hours of interpreter services. Currently for interpreter services in criminal cases, other expenses (mileage, hotel, meals) are approximately 10% of what is spent on interpreter services.

<p>The trial courts are constitutionally obligated to deal with any and all cases filed, in a fair and just manner, without delay (Article I §14). The courts cannot control the volume of cases filed, and must try to administer justice in each case in a timely fashion. The Supreme Court has, by rule, established case processing time standards for civil and criminal cases. Delay in the disposition of criminal and domestic relations cases has significant negative consequences.</p> <p>The Circuit Courts caseload continues to grow, especially in the areas of criminal and domestic relations cases. By use of its judge transfer authority and the use of senior judges, the Supreme Court can, in a limited way, put judges where they are needed. However, the support staff in the clerks' offices continue to be a limiting factor in the court's ability to move cases expeditiously.</p>

<p>The Circuit Court Budget Committee reviewed budget requests from the trial courts and approved 27.7210 FTE. A system of relative case weights is used to develop weighted workload per FTE (WWL/FTE) for each office to allow comparison of offices. DOMESTIC RELATIONS CASES FILED IN 11 COUNTIES

The major increases are in adult abuse protection cases, where clerks are required to assist people in pro se petitions, and paternity actions, which contribute substantially to the growing workload of the courts.

Juvenile

JUVENILE CASES FILED IN 11 COUNTIES

Juvenile case filings are growing as a demographic bulge (baby boom echo) moves through the system. Many of these cases are more serious and complex than some of the cases in the past.

MISDEMEANOR CASES FILED IN 11 COUNTIES

ALL CIVIL + SMALL CLAIMS CASES FILED IN 11 COUNTIES

The workload associated with non-domestic relations civil cases is a major factor in workload growth in the 48 counties recommended for additional FTE. Legislation increasing civil jurisdiction in associate-level Chapter 517 cases to \$15,000 in dispute and then to \$25,000 has shifted cases from one level to another.

<p>Supreme Court Rule 111.03, Appendix Section 11.2, adopted 9/11/90, establishes "an 8:1 juvenile to staff ratio, with at least two child care workers on duty at all times." During the day, adequate staffing should be available to provide programs in the facility. Supreme Court Rules and Missouri laws require that students have access to programs relating to education, religion, mental health, crisis intervention, and medical services. Inadequate staffing seriously interferes with efforts to meet these requirements.</p>

<b>Juvenile Caseload Management (#1100025)</b>		
<p>The Circuit Court Budget Committee agreed that a minimum of 5.475 FTE would be needed to staff one position on a 24-hour per day/7-day per week basis. The figure was derived by excluding estimates of time for weekends, holidays, vacations, sick leave, and training from a 365-day year to determine the number of work days for a full-time employee. That estimate came to 200 days or 1,600 hours (200 days x 8 hours per day). Because Supreme Court standards provide that at least two workers be on duty at all times, a minimum of 10.95 FTE would be needed for even the smallest facility (5.475 FTE x 2 = 10.95 FTE). Without adequate basic staffing, overtime will be worked by staff, which will increase the risk of future Fair Labor Standards Act (FLSA) liability. This request represents the FTE needed to bring the juvenile court offices and detention facilities in these circuits in line with the staffing patterns adopted by the Committee.</p> <p>HB 971 (1998) required the state to assume the payroll for juvenile court employees in 35 circuits, effective July 1, 1999. Consequently, 431.5 FTE were converted to state employees, an additional 16 were added in FY 00, and an additional 16 were added in FY 01. As part of the conversion process, the Circuit Court Budget Committee undertook a project to determine appropriate staffing patterns in the juvenile court including detention facilities. It was the determination of the Committee that each circuit should have at least a full-time secretary to support the work of the juvenile court. In addition to providing at least one secretary per circuit, the Committee also adopted a ratio of professionals to secretarial staff of 5:1. The Committee additionally evaluated the need for secretarial staff in detention facilities and concluded that some level of secretarial support was needed in detention facilities, both to act as receptionist and to assist with record-keeping responsibilities. Because detention workers housed in the same facility as the juvenile court office can often share support staff with the office, the Committee supported a ratio of five detention staff professionals to one secretary in these facilities. The Committee agreed that, in those counties where the detention facility is separate from the juvenile office, some additional staffing might be required. Child care in detention centers is provided by juvenile officers and by two levels of detention aides. Adequate care and supervision is vital to the efficient and effective operation of juvenile detention centers and to the maintenance of the public safety.</p> <p>The Circuit Court Budget Committee further agreed that, in the 34 multi-county juvenile courts, a minimum of 154 additional juvenile officers (FTE) would be needed to meet the standards established by the Supreme Court for screening, processing, and serving juvenile court youth/referrals. This estimate was derived using the Juvenile Weighted Workload (JWWL), which compares the number of staff hours that would be required to process and supervise juvenile court youth/referrals at established standards with the actual number of staff hours currently available for completing these direct service activities. According to JWWL monthly averages, 33,242 staff hours (301.50 FTE) would be required to process referrals and serve youth in multi-county juvenile courts at established standards, with only 15,938 staff hours (147.50 FTE) currently available to complete these activities. The difference between the 301.50 FTE needed to meet standards and the current 147.50 FTE employed indicates a need of 154 additional juvenile officers. However, the Circuit Court Budget Committee reviewed budget requests from the circuits and approved 97.725 FTE.</p>

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>Funding for senior judges provides Missouri citizens with a court system that can operate at a more efficient capacity, thus providing a mechanism to hear cases in a more expedient manner.</p> <p>Section 476.682 RSMo. authorizes the appointment of senior judges at approximately one-half the salary paid to a sitting judge. It makes sense to utilize retired senior judges to hear cases that are time consuming and complex, e.g., capital murder cases, criminal negligence cases, and other complex civil or criminal litigation cases, so that sitting judges can continue to move the remainder of their dockets expeditiously. Senior judges are also used in cases where a sitting judge may have died or is on extended medical leave; in cases where a judge is disciplined or removed from the bench for any reason; etc. In the past, using senior judges has expanded the court's ability to increase the number of cases that can be heard in any given period.</p>

Providing additional resources will reduce the incidence of abuse and neglect cases, truancy, property crimes, and other types of offenses resulting from drug usage. This decision item requests funding to expand drug court services to seven additional circuits in Missouri that are in the early stages of their drug court program, or in the early planning stages. Funding for additional resources will result in drug courts making further strides in reducing domestic violence, improving permanency planning among families of drug users and improving the likelihood of participants receiving their GED.

<p>Under the provisions of §211.393, RSMo, the ten single-county circuits have the right to annually request that their county-paid juvenile staff be converted to the state payroll in the same manner that the staff of the 35 multi-county circuits were converted in 1999 (HB 971, 1998).</p> <p>This year, the 23rd Circuit-Jefferson County and the 31st Circuit-Greene County requested conversion.</p>

<p>An appropriation is requested to fund a third reimbursable family court commissioner in the 31st judicial circuit, Greene County. The state would be fully reimbursed for this expenditure per §487.020, RSMo. Providing consolidated judicial services to families is a goal established in Chapter 487, RSMo, the Family Court chapter. Family court commissioners hear and decide issues involving people within the jurisdiction of the family court, in order to achieve the objectives of justice. A family court commissioner performs judicial functions under the supervision of the family court judge and devotes full time to these specialized issues dealing with families and children.</p>

**6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with & without additional funding.)**

**6a. Provide an effectiveness measure.**

Family court commissioners improve the quality of justice in cases involving families and juveniles. This cannot be quantified.

**6b. Provide an efficiency measure.**

Having family court commissioners to handle these cases decreases the time required to decide cases involving families and juveniles.

**6c. Provide the number of clients/individuals served, if applicable.**

INTRODUCTION  
TO  
CIRCUIT COURT ADMINISTRATION  
(HB 12.360)

The Circuit Courts, organized under the Constitution and statutes, are the trial courts of general jurisdiction. Circuit Court Administration contains appropriations to meet certain administrative circuit court costs not contained elsewhere in the Circuit Court Budget.

The Circuit Court Administration core contains four components:

An appropriation is required to recover payments due from litigants through the state debt offset escrow program (§488.020, RSMo) (a separate decision item requests that this funding be deposited into the Circuit Court Escrow Fund);

An appropriation is required to fund the “Domestic Relations Resolution Fund” as provided in §452.554, RSMo. Moneys in this fund are used to pay costs associated with the parenting handbook created in §452.556, RSMo and to reimburse local judicial circuits for the costs associated with the implementation and creation of education programs for parents of children, alternative dispute resolution programs, and similar programs applicable to domestic relations cases;

An appropriation is required to fund the Court Appointed Special Advocate (CASA) programs in the circuit courts as provided in §476.777, RSMo and §488.636, RSMo; and

An appropriation is required to fund the reimbursement of juvenile court personnel for the single county circuits as provided in §211.393, RSMo.

## PROGRAM DESCRIPTION

### Judiciary

### Circuit Court Administration

### Court Appointed Special Advocate (CASA)

#### 1. What does this program do?

- Court Appointed Special Advocate (CASA) programs recruit, train, supervise, and evaluate volunteers. CASA volunteers, assigned to abuse or neglect cases by a judge, conduct thorough research on the background of the case, review documents, interview involved parties, report to the court with recommendations based on the best interest of the child, and provide the judge with information that will help him or her make an informed decision.
- It is estimated that nationwide, 542,000 children are in foster care, at an estimated cost to taxpayers of at least \$9.1 billion annually. An estimated 364,000 abused and neglected children were without CASA representation, resulting in judges making decisions about these children without benefit of all the information in the child's best interest. Funds are to be used to increase the number of children in crises served in the circuit court and community, thereby expediting the placement of children in safe and permanent homes, and to improve the quality of services offered directly to those children.

#### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

The Missouri CASA Program is established through a \$2.00 surcharge (deposited into the "Missouri CASA Fund") for domestic relations petitions filed in the circuit or associate circuit court as provided in §476.777, RSMo (2001).

#### 3. Are there federal matching requirements? If yes, please explain.

No.

#### 4. Is this a federally mandated program? If yes, please explain.

No.

### Domestic Relations Resolution Fund

#### 1. What does this program do?

- The “Domestic Relations Resolution Fund” is established through a \$3.00 surcharge assessed on civil cases as provided in §452.554, RSMo and §488.635, RSMo. Moneys in this fund are used to pay costs associated with the parenting handbook created in §452.556, RSMo and to reimburse local judicial circuits for the costs associated with the implementation and creation of education programs for parents, supervised visitation and exchange programs, alternative dispute resolution programs, and similar programs applicable to domestic relations cases.
- The handbook, created by the Office of State Courts Administrator, contains information regarding parenting plans, benefits of alternative dispute resolution, pro se family access motion for the enforcement of custody or temporary physical custody, and the underlying assumptions for supreme court rules relating to child support and a party’s duties and responsibilities regarding notification of relocation. The handbooks help to assure that parents receive basic, easy to read information regarding court processes and the court system. The handbooks are available in English and Spanish and are available in Braille, large print, or electronic format upon request. They are provided to each party of a dissolution or legal separation action, motion to modify, and motion for family access order and motion for contempt.
- Request For Proposals are submitted by the courts. The Missouri Supreme Court Family Court Committee oversees the process by approving the programs and funding. Circuits may apply to receive funds for more than one program.

#### 2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

§452.554, RSMo and §452.556, RSMo

#### 3. Are there federal matching requirements? If yes, please explain.

No.

#### 4. Is this a federally mandated program? If yes, please explain.

**Judiciary****Circuit Court Administration****Single County Circuit Juvenile Court Personnel****1. What does this program do?**

Employees of judicial circuits composed of a single county of the first class are paid by the county. Employees of all other judicial circuits are paid by the state. The Office of Administration reimburses the ten judicial circuits composed of a single county of the first class 25% of their expended 1997 budgets, or the salaries of a Chief Deputy Juvenile Officer and a Deputy Juvenile Officer I, if the sum of those salaries is greater than 25%. Also, retirement benefits of a juvenile officer hired after July 1, 1999 are reimbursed. (Required by RSMo 211.393(5)) This program was transferred from the Office of Administration to the Circuit Court in the FY2007 Governor Recommendations.

5. Provide actual expenditures for the prior three fiscal years and planned expenditures for the current fiscal year.

6. What are the sources of the "Other " funds?

N/A

7a. Provide an effectiveness measure.

Compliance with statutes ensure counties receive their authorized reimbursements.

7b. Provide an efficiency measure.

County reimbursement has been completed by statutory deadline for 14 years.

This program is administered with less than .1 FTE. Coordination is required with the circuits to request, record, and calculate the appropriate reimbursement amount, and ensure reimbursements are processed by the statutory deadline.

7c. Provide the number of clients/individuals served, if applicable.

Ten judicial circuits

7d. Provide a customer satisfaction measure, if available.

<p>Section 488.5028 authorizes courts to collect delinquent court costs, fines, and other sums due to the state or a political subdivision by offsetting an individual's Missouri tax refund. Section 488.5028.5, HB 600 (passed in 2003), authorizes these funds to be deposited into an escrow fund and the interest earned on these funds to be used to offset administrative expenses. Previously, these funds were deposited into the state's Debt Offset Escrow fund, and the state treasurer was not able to separate out the interest money earned on the offset court costs. A new escrow fund has been established to deposit the offset court costs, thus allowing interest moneys to be used to offset administrative expenses. This decision item creates spending authority in the Circuit Courts Escrow fund.</p>

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one times and how those amounts were calculated.)**

There were 48 counties participating in the tax offset program in FY05. OSCA disbursed \$263,675.51 for the Tax Offset fund to the courts and taxpayers. We are anticipating 90 counties will participate in FY07 or approximately \$494,000 in disbursements. Generally, when a county first enters the program, there is a spike in collections for those counties because of the old debt they bring into the program. After that initial spike, the collections level off and generally maintain the same level. This is a request for \$500,000E for program disbursement to the courts and taxpayers.

Section 488.5028 also allows the interest earned in the fund to offset the administrative cost of the program. Currently, the circuit courts spend about \$5,000 and \$500 on postage and supplies respectively to send out the notification letters. We are requesting \$5,500 in E&E.

## INTRODUCTION TO DRUG COURTS

Drug Court Programs were designed for two primary purposes. First, they are an effective way to divert non-violent offenders from incarceration in the state prison system, allowing for cost avoidance to the state correctional budget. Second, they curtail substance abuse among non-violent offenders through intensive judicial supervision that treatment offenders do not receive in regular probation or incarceration sentencing options. According to a study by the University of Missouri released in 2005, drug courts provide immediate savings to the state as a diversionary program, and at the same time provide long-term savings as a result of a documented recidivism rate that is lower than incarceration or probation.

As of 6/30/05, there were 2,307 people in drug court. There were also 108,572 drug and alcohol offenses reported to the Missouri Highway Patrol's Criminal Records Repository that year. Substance abuse results in family disruption, drug-addicted newborn babies, lost productivity and unemployment in addition to higher prison populations. In FY 2004, of the 9,912 new admissions into Missouri adult prisons, 1,239 had drug convictions and 2,037 had been serving probation for a drug offense, but the probation was revoked. Overall, through drug court intervention strategies and treatment, the state realizes cost savings in incarceration, probation, foster care, youth services and other social welfare programs. In addition, by keeping these non-violent offenders in this intensive community-based program, the state continues to receive the benefits of having these participants complete their GED to be job ready or to continue their current employment, pay taxes and support their families.

The Drug Courts Coordinating Commission was established by House Bill 471 (2001) and is composed of eight members representing the Departments of Corrections, Social Services, Mental Health, Public Safety and the Judiciary. The legislation also established a Drug Court Resources Fund to be administered by the Commission. The Commission is to evaluate, secure, coordinate, and allocate funding resources to the various drug courts around the state. There are currently 36 circuits that operate 91 adult, juvenile, and family drug courts. The Drug Courts Coordinating Commission has been appointed and organized as provided in §478.009, RSMo; the Drug Court Resources Fund is being administered as provided in §478.009, RSMo.

<b>2. CORE DESCRIPTION</b>																																																											
Drug Courts, authorized in §478.001 - §478.009, RSMo, provide alternatives to incarceration, juvenile detention and long-term foster care for individuals that have issues with drug usage. The community based, team oriented programs provide an array of treatment and other services in order to meet the individual needs of the participants based upon a comprehensive assessment. The Drug Courts Coordinating Commission distributes funds to the drug court programs through the Drug Courts Resources Fund. During FY 2006, adult drug courts are projected to provide treatment for approximately 2,400 participants, with an approximate cost per participant of \$6,190 per year. Currently there are 91 operational Drug Courts, including 63 adult, 18 juvenile and 10 family courts. There are 40 Drug Courts currently in the planning process.

#### 1. What does this program do?

Drug Courts:

- Provide a cost effective method to allow non-violent drug users to be diverted from incarceration in the state's prison system;
- Have a proven track record of improved program outcomes compared to regular probation or incarceration resulting in cost avoidance due to a lower recidivism rate;
- Allow non-violent offenders to remain active taxpayers in their communities or to obtain a GED so they are more employable at the time of graduation from drug court;
- Reduce the number of babies being born drug addicted resulting in significant cost savings;
- Decrease the negative consequences of drug abuse such as a reduction in the number of additional cases filed involving family disputes, abuse and neglect, truancy, property crimes, and crimes of violence;
- Reduce the incidents of domestic violence, increase child support payments, increase number of families reunited, increase employment of those participating in drug court treatment plans, increase community service activity, and increase number of valid licensed drivers.

#### 2. What is the authorization for this program, i.e., federal or state statute, etc? (Include the federal program number, if applicable.)

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>During FY 04 and FY 05, the federal Byrne Grant program, administered by the Missouri Department of Public Safety, has provided \$1,125,000 in federal funds for treatment of drug court participants. These funds have been awarded through the Drug Courts Coordinating Commission on a competitive basis to Missouri drug courts. The President and Congress eliminated the Byrne Grant program and the Local Law Enforcement Block Grant program and created a new Justice Assistance Grants Program. The new program was funded with 60% fewer federal dollars and includes new formulas for the distribution of these funds. Given that these funds awarded by the commission to adult drug courts have only accounted for \$1,543 of the \$6,190 it costs per drug court participant, there is the potential that some 729 drug court slots would have to go unfilled in FY 07.</p>

<b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b>									
<p>The cost per drug court participant and the cost per inmate were obtained from the 2005 study entitled "The State of the State on Drug Courts in Missouri." This study included a detailed report on the sustainability of Missouri drug courts. In addition to the direct Byrne grant provided to the Drug Courts Coordinating Commission by the Missouri Department of Public Safety, there are several other federal grants that were obtained by local drug courts that are also being eliminated. In addition to the reductions in the federal grants mentioned above, the federal drug court program was reduced from \$50 million per year to \$25 million. The program was designed to help start drug courts, not sustain them. As a result, ongoing operational funding for drug courts has not been readily available. The largest stakeholder to gain or lose as a result of drug courts is the state of Missouri. Since cities and counties do not bear the cost of incarceration in state prisons nor do they pay for the costs associated with foster care or DYS institutions, the state receives the largest benefit from city and county funds invested in drug courts. Cities and counties do not have the same fiscal incentives to pick up these lost federal funds in their operating budgets as the state does.</p>

This funding is awarded to drug courts on a competitive basis. For the last several years, over \$3 million has been requested in this competitive process above the funding appropriated to the Commission. This request only maintains the funding levels awarded in FY 04 and FY 05.</p>

<p>The Drug Courts Coordinating Commission issued the original Drug Treatment contracts in FY 2003. The contracts are currently set to expire in FY 2006 and the Request for Proposals have been issued for the new contracts. We are projecting the cost of treatment to increase by 4% each year of the contracts. This request is to continue the 4% cost increase for FY 06 and to fund a new 4% increase for FY 07.</p>

If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b></p> <p>The Drug Courts Coordinating Commission spent approximately \$2,050,000 on treatment in FY 05. We are projecting an increase of \$82,362 in both FY 06 and FY 07 or a total increase of \$164,724.</p> <p>At this time it appears that the Drug Courts Coordinating Commission may have more expenses than the available appropriation will cover. Therefore, the balance of the Drug Court Resources Fund needs to be made available to cover these unanticipated expenses. If the supplemental is not granted, the Drug Courts Coordinating Commission will have to reduce the funding to the drug courts by \$164,724. Based on the FY 05 cost per participant of \$6,190, we will not be able to treat 27 participants in FY 07 if this request is not funded.</p>

The potential savings of \$213,411 is the cost savings to the state correctional system in the participants' first year. This does not include other savings, such as foster care, reduced crime, youth service, etc. It does not include the potential savings in future years as a result of the reduced recidivism rate for Drug Courts over probation or incarceration.

Section 478.009, RSMo (2001, HB 471), established the "Drug Courts Coordinating Commission" which helps coordinate a state level response to growing drug and alcohol problems in Missouri. In 2004, Missouri led the nation with 2,788 methamphetamine laboratory "incidents." Of the 9,912 persons admitted to state prisons in 2004, 1,239 had drug convictions, 2,037 had served probation for a drug offense but the probation was revoked, and 4,042 were convicted of crimes other than drug possession or trafficking, but had substance abuse problems that required treatment. According to the Department of Social Services, there were 1,862 children removed from their homes as a result of parental drug/alcohol use in fiscal year 2005. It costs \$26 million to place this number of children in state custody based upon average length of stay.

<p>The annual cost per participant is \$6,190 for drug court compared to \$14,005 for incarceration, resulting in immediate cost avoidance of \$7,815 per participant. According to a University of Missouri study, there is additional cost avoidance in the out-years due to a lower recidivism rate for drug court participants compared to probation or incarceration. Another study found probation is initially less expensive than drug courts. However, lower recidivism rates provide for a return on investment. For each dollar invested in drug courts, \$2.80 was gained in the first two years and \$6.32 in a four year period. Additionally, cost avoidance extends far beyond the cost of incarceration to include reductions in the cost of foster care, keeping young offenders in state custody, reductions in the number of babies born addicted to drugs, and reductions in the cost of prosecuting crimes related to drug abuse. Investing \$2.5 million in adult drug courts results in \$3.1 million in immediate cost avoidance to the Department of Corrections with additional saving in out-years.</p>	
<p><b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b></p>	
<ul style="list-style-type: none"> <li>• Drug Court Cost per Participant (\$6,190) and incarceration cost is \$14,005.</li> <li>• Total Number of Participants as of June 30, 2005 = 2,307 participants.</li> <li>• Drug courts have a lower recidivism rate than either probation or incarceration according to multiple Missouri drug court studies.</li> </ul> <p>Funding Assumptions: The cost avoidance is based upon a conservative projection that 100% of these expanded slots would be paid by state funds. Currently, the judiciary's share of the \$6,190 cost per participant is only \$1,543. It cannot be assumed that federal, local and other funds supporting drug courts can support additional capacity. If they can support additional capacity, the number of participants served will increase and the state cost avoidance will be further enhanced.</p>

<p>The additional funding would be allocated to the over 90 Missouri drug courts along with the existing funding currently appropriated through the Drug Courts Coordinating Commission. This funding is awarded to drug courts on a competitive basis. For the last several years, over \$3 million has been requested in this competitive process above the funding appropriated to the Commission. This request is still below the requested needs of Missouri drug courts that participated in this competitive process.</p>

<b>2. CORE DESCRIPTION</b>									
<p>Article V, Section 24(2) of the Constitution requires the retirement of a judge who is found to be unable to perform his or her duties because of permanent sickness or a physical or mental infirmity. Under Article V, Section 24(3), a judge may be reprimanded, disciplined, suspended or removed for misconduct or incompetence in office.</p> <p>Under Supreme Court Rule 12, the Commission on Retirement, Removal, and Discipline must investigate all complaints and requests except those which are obviously unfounded or without merit.</p> <p>The Commission consists of two non-lawyers appointed by the governor, two lawyers appointed by the governing body of the Missouri Bar, one judge of the Court of Appeals chosen by a majority of the court's judges, and one circuit judge selected by a majority of the state's circuit judges. The number of judges under the Commission's jurisdiction is approximately 750. An administrator/counsel and 1.75 FTE staff enable the Commission to perform its Constitutional responsibilities.</p>

<p>Article V, Section 24(2) of the Constitution requires the retirement of a judge who is found to be unable to perform his or her duties because of permanent sickness or a physical or mental infirmity. Under Article V, Section 24(3), a judge may be reprimanded, disciplined, suspended or removed for misconduct or incompetence in office. Under Supreme Court Rule 12, the Commission on Retirement, Removal, and Discipline must investigate all complaints and requests except those which are obviously unfounded or without merit. To this end, an investigator is employed by the Commission and paid on an hourly basis.</p>									

**NEW DECISION ITEM**  
**RANK: 6 OF 6**

<b>Judiciary</b> <b>Commission on Retirement, Removal and Discipline</b> <b>Investigation Increase (#1100017)</b>	<b>Budget Unit</b> <u>15004C</u>
<p>Pursuant to Supreme Court Rule 12, the Commission operates under a Rule of Confidentiality. Consequently, specific examples of work done by the investigator are not available. However, in the past, the investigator:</p> <ul style="list-style-type: none"> <li>• Trained and videotaped a judge cheating on expense reports. Upon disclosure of the investigator's report, the judge resigned.</li> <li>• Investigated complaints of sexual abuse involving a child. Charges were filed involving failure to disqualify in a case involving a witness to the sex abuse incident. Judge resigned prior to the Commission hearing.</li> <li>• Investigated complaints of sexual harassment and repeated use of a state computer to view pornography. Judge resigned prior to Commission hearing.</li> <li>• Investigated, served subpoenas, and provided security during hearing of municipal judge, charged with, among other things, cheating on expense report and failure to properly supervise employees allowing employee to embezzle court funds - judge resigned after hearing.</li> <li>• Investigated, and, served subpoenas on judge charged with dilatory rulings - judge resigned.</li> <li>• Investigated, and, served subpoenas on judge charged with dilatory rulings - judge retired prior to hearing.</li> <li>• Investigated, served subpoenas, and provided security during hearing of judge charged with sexual harassment - judge informally reprimanded.</li> <li>• Investigated allegations of discourtesy to OSCA employees - judge informally reprimanded.</li> <li>• Investigated a judge charged with, among other things, improperly using probationers for community service on judge's own property; the judge was suspended from office and eventually resigned.</li> </ul> <p>The original appropriation for investigator for the Commission was \$25,000. Over the years, that amount has been reduced until, for FY 06, the appropriation is only \$3,246. This amount is insufficient to cover the costs that are anticipated for the coming fiscal year.</p>	
<p><b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b></p> <p>Recently, the Commission investigator has taken statements in a pending case involving discourtesy and ex parte discussions. The case is scheduled for hearing later this year. The investigator will be needed to serve subpoenas and to provide security at the hearing. The investigator is also currently taking statements on a different judge on allegations of discourtesy. Two other pending files are likely to need services of investigator. One involves a possible failure to supervise staff and the other may involve criminal conduct. These investigations are in their early stages. They may or may not result in discipline depending on results of investigation and hearings. The original appropriation several years ago for an investigator was \$25,000. Over the years that amount was reduced until today the total amount for an investigator is \$3,246. While it is impossible to predict exactly how much funding might be needed, it has become apparent that that amount will be insufficient for the coming fiscal year. Consequently, a supplemental appropriation has been requested. This decision item is requested to cover anticipated needs for FY 07 and will be used solely for investigator expenses. Any funds remaining at the end of the year will be returned to general revenue.</p>

<b>2. CORE DESCRIPTION</b>																																																																																	
<p>Article V, Section 25(d) of the Missouri Constitution establishes the duty of the Appellate Judicial Commission as nominating candidates for vacancies on the Supreme Court and the Court of Appeals. This constitutional mandate includes the election of an attorney to serve on the commission, conducted in one of the three Districts of the Court of Appeals on a rotating basis, every two years. The most recent election was conducted in FY 06; a decision item to cover the costs of this election was not funded; the Eastern District absorbed the costs of the election. The Commission meets only when a vacancy occurs and it is necessary to make nominations to the governor. Commission members do not receive salaries, but funds are needed to pay travel and operations expenses necessary for the work of the Commission.</p>																																																																																	
<b>3. PROGRAM LISTING (list programs included in this core funding)</b>

<b>2. CORE DESCRIPTION</b>																																																																																	
<p>The first Missouri Sentencing Advisory Commission was created in House Bill 974 in 1990. The commission completed its work in 1998. In 2003, Senate Bill 5 revised the commission, creating new deadlines and responsibilities. The statutory requirements for the sentencing commission are:</p> <ul style="list-style-type: none"> <li>• Study and evaluate sentencing disparity;</li> <li>• Establish and distribute a system of recommended sentences;</li> <li>• Study alternative sentencing and prepare a feasibility study; and</li> <li>• Publish, distribute, and revise recommended sentences every two years.</li> </ul>

<p>The first Missouri Sentencing Advisory Commission was created in House Bill 974 in 1990. The commission completed its work in 1998. In 2003, Senate Bill 5 revised the commission, creating new deadlines and responsibilities. During the 2005 session, SB 420 &amp; 344 was passed creating a "Task Force on Alternative Sentencing." Through an interagency agreement with DOC, that Task Force could become a subcommittee of the Commission. The statutory requirements for the sentencing commission are:</p> <ul style="list-style-type: none"> <li>• Study and evaluate sentencing disparity;</li> <li>• Establish and distribute a system of recommended sentences;</li> <li>• Study alternative sentencing and prepare a feasibility study; and</li> <li>• Publish, distribute, and revise recommended sentences every two years.</li> </ul>

<p><b>4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b></p> <p>Given legislative changes in 2003 and 2005, a supplemental request for federal grant funding was obtained in FY05 to allow the commission to complete its unfunded statutory mission. Grant funding was received in fiscal years 2005 and 2006, but will most likely be eliminated in fiscal year 2007 because of Congressional reductions.</p> <p>The costs associated with this decision item are related to the expiration on June 30, 2006 of the program's current grant budget.* This decision item would pick up the ongoing costs associated with the commission. This decision item includes outsourcing statistical analysis and data collection to the Department of Corrections (DOC). To reduce costs, the recommended sentences have been automated on the Internet, allowing ease of access to determine the recommended sentence for an offender. <b>The fiscal notes for SB 5 in 2003 and SB 420 &amp; 344:</b> SB 5 was not reflected in the Judiciary's budget because the commission was initially able to meet the statutory reporting requirements without state funding. However, it has been determined that the \$20 million in cost savings projected by DOC will NOT be realized without judicial support to encourage judges to adopt the recommended sentences. SB 420 &amp; 344 assigned the alternative sentencing task force to DOC although alternative sentencing was also part of SB 5. In order to reduce duplication of efforts, this task force <b>could</b> be moved to the sentencing commission through an interagency agreement.</p> <p><i>* One-time costs have already been paid by federal funds, and the salary rates for two FTE are based on state standards for similar positions.</i></p>

<b>6. PERFORMANCE MEASURES (If new decision item has an associated core, separately identify projected performance with &amp; without additional funding.)</b>									
<b>6a.        Provide an effectiveness measure.</b>					<b>6b.        Provide an efficiency measure.</b>				
There will be more non-violent offenders that receive an alternative community-based sentence.					Decreased need for bed space and cost savings to the state.				
Disparity in sentencing will be reduced for those individuals sentenced for similar crimes.					Reduced appeals filed by inmates claiming sentencing disparity.

<p><b>7. STRATEGIES TO ACHIEVE THE PERFORMANCE MEASUREMENT TARGETS:</b></p> <p>The statutorily created Missouri Sentencing Advisory Commission will continue the grant funded activities of education and promotion of the recommended sentences and alternative sentencing statewide in order to reduce sentencing disparity and divert non-violent offenders from prison to more effective and efficient community-based alternative programs. This will:</p> <ul style="list-style-type: none"> <li>• Promote knowledge, education, and utilization of effective and cost efficient alternatives to incarceration; and</li> <li>• Improve planning for DOC bed space needs and ensure more efficient utilization of DOC bed space; and</li> <li>• Lead to a long-term reduction in the need for DOC bed space and improve community services and integration of those offenders through reduced recidivism rates.</li> </ul> <p>This will be accomplished through the use of two full-time dedicated staff and contractual services at the DOC, allowing for continued assessment and analysis of sentencing practices in Missouri. Educational sessions will be conducted statewide by the Commission's Speakers Bureau to facilitate the voluntary adoption of the sentencing recommendations and alternative sentencing strategies.</p> <p>An interagency agreement with DOC provides staff support for ongoing validation of a risk assessment/classification system for offenders that takes into consideration demographic information, severity of offense, prior criminal history, and other factors. This risk assessment process is part of a newly automated sentencing web-site currently being used by judges, prosecutors, probation/parole staff and trial attorneys. The risk assessment and classification system and the recommended sentences are now incorporated into the newly revised Sentencing Assessment Reports (SAR) provided by probation and parole staff to judges for consideration during sentencing. These SAR will be implemented statewide by the end of calendar year 2005. Currently under development is an alternative sentencing catalog that should help divert non-violent offenders to community based alternatives resulting in a significant cost reduction to the state.</p> <p>Note: These sentences are NOT mandated, allowing judges some discretion regarding a particular offender's case and propensity for violence, allowing career criminals to be adjudicated differently than the first time offender. This ensures sentencing flexibility that promotes public safety.</p>

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>Article V, Section 24(2) of the Constitution requires the retirement of a judge who is found to be unable to perform his or her duties because of permanent sickness or a physical or mental infirmity. Under Article V, Section 24(3), a judge may be reprimanded, disciplined, suspended or removed for misconduct or incompetence in office. Under Supreme Court Rule 12, the Commission on Retirement, Removal, and Discipline must investigate all complaints and requests except those which are obviously unfounded or without merit. The original appropriation for investigator for the Commission was \$25,000. Over the years, that amount has been reduced until, for FY 06, the appropriation is only \$3,246. This amount is insufficient to cover the costs that are anticipated for the current fiscal year. This request is for \$10,000 to cover the anticipated shortfall for FY 06.</p>									

## SUPPLEMENTAL REQUEST

**Judiciary**  
**Commission on Retirement, Removal and Discipline**  
**Supplemental - Investigation Increase (#2100001)**

**Budget Unit** 15004C

Pursuant to Supreme Court Rule 12, the Commission operates under a Rule of Confidentiality. Consequently, specific examples of work done by the investigator are not available. However, in the past, the investigator:

- Trailed and videotaped a judge cheating on expense reports. Upon disclosure of the investigator's report, the judge resigned.
- Investigated complaints of sexual abuse involving a child. Charges were filed involving failure to disqualify in a case involving a witness to the sex abuse incident. Judge resigned prior to the Commission hearing.
- Investigated complaints of sexual harassment and repeated use of a state computer to view pornography. Judge resigned prior to Commission hearing.
- Investigated, served subpoenas, and provided security during hearing of municipal judge, charged with, among other things, cheating on expense report and failure to properly supervise employees allowing employee to embezzle court funds - judge resigned after hearing.
- Investigated, and, served subpoenas on judge charged with dilatory rulings - judge resigned.
- Investigated, and, served subpoenas on judge charged with dilatory rulings - judge retired prior to hearing.
- Investigated, served subpoenas, and provided security during hearing of judge charged with sexual harassment - judge informally reprimanded.
- Investigated allegations of discourtesy to OSCA employees - judge informally reprimanded.
- Investigated a judge charged with, among other things, improperly using probationers for community service on judge's own property; the judge was suspended from office and eventually resigned.

The investigator has taken statements in a pending case involving discourtesy and ex parte discussions. The case is scheduled for hearing later this year. Subpoenas and security at hearing will be needed. The investigator is also currently taking statements on a different judge on allegations of discourtesy. Two other pending files are likely to need services of investigator. Allegations include discourtesy, failure to supervise staff, ex parte discussions and threatening a law enforcement officer. These investigations may or may not result in discipline depending on results of investigation and hearings.

Over the years that amount was reduced until today the total amount for an investigator is \$3,246. While it is impossible to predict exactly how much funding might be needed in any given fiscal year, it is apparent that that amount will be insufficient for the current fiscal year. Recently, the Commission investigator has taken statements in a pending case involving discourtesy and ex parte discussions. The case is scheduled for hearing later this year. The investigator will be needed to serve subpoenas and to provide security at the hearing. The investigator is also currently taking statements on a different judge on allegations of discourtesy. Two other pending files are likely to need services of investigator. One involves a possible failure to supervise staff and the other may involve criminal conduct. These investigations are in their early stages. A request is being submitted for \$10,000. This money will be used exclusively for an investigator; any unused funds will revert to general revenue.</p>

<b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
<p>Section 488.5028 authorizes courts to collect delinquent court costs, fines, and other sums due to the state or a political subdivision by offsetting an individual's Missouri tax refund. Section 488.5028.5, HB 600 (passed in 2003), authorizes these funds to be deposited into an escrow fund and the interest earned on these funds to be used to offset administrative expenses. Previously, these funds were deposited into the state's Debt Offset Escrow fund, and the state treasurer was not able to separate out the interest money earned on the offsetted court costs. A new escrow fund has been established to deposit the offsetted court costs, and thus allowing interest moneys to be used to offset administrative expenses. This decision item creates spending authority in the Circuit Courts Escrow fund.</p>

<p>The FY06 appropriation out of the Debt Offset Escrow fund is \$100,000E. In FY05, we disbursed \$263,675.51 from the fund to the courts and taxpayers. There were 48 counties participating in this program as of the end of FY05. We anticipate that 70 counties will be participating by the end of FY06. <b>3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.</b>									
This is a request for increased spending authority for moneys remaining in the Drug Court Resources Fund to cover expenses incurred in FY 05, but not submitted by contract providers in time for payment in FY 05; and for an appropriation from moneys in the fund to meet the anticipated contract renewal increase in treatment costs to operate the various existing drug courts.									

## SUPPLEMENTAL REQUEST

From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)</b></p> <p>During FY 05, the Drug Courts Coordinating Commission approved the purchase of approximately \$251,465 worth of drug testing kits to be distributed among the drug courts. Less than half, or \$110,869 worth, of the kits were not received and invoiced in time to pay for them in FY 05, therefore they will be paid for in FY 06.</p> <p>Missouri drug court treatment contracts are in their final year of a four-year contract. As a result of the re-bidding process, a 4% increase in rates is anticipated. The Drug Courts Coordinating Commission spent approximately \$2,050,000 on treatment in FY 05, so we are projecting an increase of \$82,362 in treatment costs.</p> <p>At this time it appears that the Drug Courts Coordinating Commission may have more expenses than the available appropriation will cover. Therefore, the balance of the Drug Court Resources Fund needs to be made available to cover these unanticipated expenses. If the supplemental is not granted, the Drug Courts Coordinating Commission will have to reduce the funding to the drug courts by \$193,231. Based on the FY 05 cost per participant of \$6,190, we will not be able to treat 31 participants in FY 06 if this supplemental is not funded.</p> <table style="margin-left: auto; margin-right: auto; border-collapse: collapse;"> <tr> <td style="padding-right: 20px;">FY 05 Lapsed Invoices</td> <td style="text-align: right;">\$ 110,869</td> </tr> <tr> <td>FY 06 Treatment Increase</td> <td style="text-align: right;">\$ 82,362</td> </tr> <tr> <td>FY 06 Supplemental Request</td> <td style="text-align: right; border-top: 1px solid black;">\$ 193,231</td> </tr> </table>		FY 05 Lapsed Invoices	\$ 110,869	FY 06 Treatment Increase	\$ 82,362	FY 06 Supplemental Request	\$ 193,231
